Upgrades

You can upgrade your pickaxe once every 24 hours.

Upgrades incrementally boost your daily yield

Daily yield starts at 0.7%. Each successful upgrade increases your yield by 0.1%.

Upgrade consistently to reach the top level and unlock a tantalising 10% daily yield!

Each upgrade attempt costs 1 TON and begins with a 99% success rate. Your rate of success decreases by 2% with each new level.

Failed Upgrades & Penalties

PICKAXE LEVEL 2

CHANCE TO FAIL 3%

UPGRADE TO LEVEL 3

1 TON

A successful upgrade permanently increases your yield by 0.1%.

However, a failed attempt results in a 0.1% penalty to your yield until a successful upgrade is made.

Consecutive failures accumulate penalties, with a 0.2% penalty after two failed attempts.

Upon a successful upgrade, your yield returns to the correct level.

See the table below for an overview.
